REPORT ON ORS DAY OBSERVATION-2022

ORS (Oral Rehydration Solution) day is observed on 29th July every year, focusing on the ideal platform to raise awareness and encourage action to prevent diarrhea and dehydration.

In collaboration with the Department of Pediatrics, the College of Nursing, AIIMS, Bhubaneswar, observed the ORS day in pediatric OPD on 29/07/2022 between 9:30 am -11:30 am by creating awareness on “Prevention of diarrhea and Management of dehydration.” The event was facilitated by students of B.Sc. (N) 4th year and Pediatric Nursing faculties from College of Nursing, by a presentation on causes, symptoms, management of diarrhea & dehydration, followed by demonstration on commercial and homemade ORS and Handwashing was demonstrated to children and their parents.

Parents and children did the return demonstration on ORS preparation and handwashing, respectively. An exhibit was arranged on home available fluids to be taken in times of diarrhea to manage dehydration. Parents and children actively participated in the program. At the end of the session Dr. Joseph John, Professor, Dept of Pediatrics clarified their doubts and emphasized on prevention of diarrhea to the group.
