COLLEGE OF NURSING AIIMS BHUBANESWAR

(A Statutory Body under aegis of Ministry of Health & Family Welfare,
Government of India)

Cordially invites you to the
International virtual conference on
“Clinical Integration: Need of the hour”

Date: 20th and 21st January 2022

Hosted by

College of Nursing
All India Institute of Medical Sciences
Sijua Post, Dumduma, Bhubaneswar, Odisha 751019
Email: www.aiimsbhubaneswar.nic.in

Dear Sir/Madam,

It is our pleasure to invite you to the Virtual Conference on “**Clinical Integration: Need of the hour**”, hosted by College of Nursing, AIIMS Bhubaneswar on **Jan 20th and 21st, 2022**.

College of Nursing, AIIMS Bhubaneswar was established in the year 2013 by the Ministry of Health and Family welfare, Government of India as an autonomous statutory body under the **Pradhan Mantri Swasthya Suraksha Yojana (PMSSY)**. Mission of the College of Nursing is to establish a National level Nursing institute that excels in nursing education, training, practice and innovative research imbued with professional values to contribute towards a healthy society. The College of Nursing offers B.Sc. (Hons.) Nursing and M.Sc. Nursing program in all specialties. The college is equipped with full-fledged faculty and state of art facilities.

Introduction to the conference

Clinical integration is the process of application of theoretical knowledge into the clinical practices in achieving common goals such as student learning, patient care and scientific advancement. The concept of Clinical Integration has proposed by Indian Nursing Council (INC, 2018). However, very few Health care institute have implemented the same. Integration of Nursing education and practices plays a key role in the creation of meaningful connections and collaboration within the healthcare sector. It can contribute to superior safety levels and higher efficiency when it comes to patient care. The gap between education and practices has widened very much that there is a significant difference between what is taught in classroom and what is practiced in the clinical setting which calls for urgent attention. In this conference we intend to encourage every participant to enhance the quality of nursing education, patient care through clinical integration concept.

General objective

At the end of the conference, the participants will be able to gain in-depth knowledge on clinical integration and apply the concepts of clinical integration in their setting with a positive attitude.

Specific objectives

The participants will be able to:

- understand the concept of clinical integration.
- comprehend the models of collaboration of nursing education and practice.
- know to develop clinical integration in a health care institute.
- recognize the impact of clinical integration in quality of patient care
- explore the international perspectives of clinical integration.
- demonstrate their dual role and responsibilities in clinical integration.
- analyze the challenges and solution in clinical integration.
