(IANN)

THEME

**“NEONATAL NURSES: PROTECT, SUPPORT
AND SAVE LIVES”**

VENUE

**ALL INDIA INSTITUTE OF MEDICAL SCIENCES,
BHUBANESHWAR**

Greetings from Indian Association of Neonatal Nurses,

Dear Friends,

The survival of newborn babies depends on the care we provide. International agreements have affirmed the world's commitment to improving newborn health. Newborn care often receives less-than optimum attention. Almost 12,000 of the 350,000 babies born each day die within their first month of life - the neonatal period- and 98 percent of those deaths occur in developing countries. Nurses are playing a key role in improving new born survival through maternal health.

IANN is a professional organization established in 2008 to advance the knowledge, and foster excellence in practice of neonatal nursing. It advocates policy within the health care delivery system for provision of quality care to neonates. IANN promotes the development of neonatal nursing by conferences, meetings, seminars every year. In 2020, IANN is organizing a conference at AIIMS, Bhubaneswar.

We are delighted to welcome you to the 8th Annual Conference of IANN, in Collaboration with AIIMS, Bhubaneswar, to be held from 9th -11th February 2020 at College of Nursing, AIIMS, Bhubaneswar, India.
