Department of Microbiology organised CME and Workshop on “Meliodosis; a neglected tropical disease: Optimal approach to clinical and laboratory diagnosis”.

The CME covered various topics like, epidemiology & burden of disease, meliodosis from physician’s and surgeon’s perspectives, approach to lab diagnosis and treatment. The Workshop covered topics like isolation and identification of the causative bacteria *Berkholderia pseudomallei*. A total of near to 100 enthusiastic participants from various medical colleges of state (Odisha,India) participated in the CME and workshop. The CME and workshop also gained objectives of raising an awareness for this neglected disease amongst clinicians and microbiologists.
