"REMEMBER: WHEN DISASTER STRIKES, THE TIME TO PREPARE HAS PASSED" - STEVEN CYROS

INTRODUCTION

it is impossible to stop the occurrence any health emergencies but it is possible to arm ourselves to manage it effectively with adequate clinical knowledge and skills. Enormous lives have been saved only by emergency preparedness by healthcare professionals. "Crash Cart" is a vital device on wheel holding various equipment and drugs in it to deal with patient care during emergencies. As Benjamin Franklin quoted, "By failing to prepare, you are preparing to fail", it is essential for the nurses as the health team member to be prepared and updated with hands on practice of crash cart utilisation to save lives during emergencies.

OBJECTIVES:

At the end of the workshop, participants will:

- Review their existing knowledge on crash cart management.
- Demonstrate the skills on handling crash cart.
- Enlist the equipment in crash cart.
- Assemble the equipment in crash cart.
- Appreciate the functions of items in crash cart.

Only 30 delegates are permitted. Kindly Register yourself at
